

BIM in Atlantic Canada

The Tide Is Rising - Set Sail!

DARTMOUTH

May 15, 2018

Nova Scotia Community College

Ivany Campus

80 Mawiomi Pl,

Dartmouth, NS B2Y 0A5

#DRTBIM18

Come join AECOO industry decision makers, practitioners, and academic leaders in an open discussion about BIM. A lot has been said about BIM; its purpose, its value, but now its time to discuss the direction of BIM in Canada's Atlantic Provinces and how this technology will affect your business.

- What are the key issues surrounding BIM for the various stakeholders?
- What does the next two to five years look like?
- What are your options when adopting BIM?
- What risks do we face from lagging behind other regions and countries
