

TECHNOLOGY BUILT INNOVATION II

TORONTO, ONTARIO

OCTOBER 5-6, 2016

Metro Toronto Convention Centre

EVENT DESCRIPTION

CanBIM's **2nd Annual Technology Built Innovation** event will host industry presentations and demonstrations on innovative and emerging BIM workflows, methodologies and technologies from industry leaders in the Architectural, Engineering, Construction and Facility Management fields. All disciplines and levels of decision-makers are encouraged to attend this annual technology focused event. CanBIM will also host its second Annual CanBIM Awards show on October 5th, recognizing the accomplishments of our BIM leaders. One registration covers entry to both days; you won't want to miss this event!
